

SHANGHAI ARCH

Shanghai, China

The Shanghai Arch sits on a 382,054 sf (35,494 sm) site with three primary components: a 29-story signature office building (the “Gate”) and a 538,195 sf (50,000 sm) “village” offering a wide assortment of retail, dining and entertainment establishments in Phase I, then the addition of a luxury business hotel with serviced apartments in Phase II.

The elegant office building will fulfill its destiny as the signature building of the Hongqiao Expansion Business Zone. Rising up 22 floors as two separate towers, it is joined at the 23rd floor by a 7-story sky bridge that creates a dynamic “Gate” into the pedestrian friendly retail promenade.
